

MEMORANDUM

FROM : **EMMA CHRISTMAS**

TO : **ALISON COOPER, CONSENTS HEARINGS**

SUBJECT : **ADDENDUM TO DECISION – CHRISTCHURCH CITY COUNCIL**

There is an inconsistency in the decision of CRC103570 in that paragraph 2 states consent is granted for 35 years, whereas later paragraphs refer to 30 years, on the basis that the applicant had amended the application to 30 years.

I had understood the applicant's right of reply to amend the duration to 30 years. However the applicant states in their memo of 2 November that they 'agreed to a reduced term of 30 years as the preferred alternative to a condition limiting the population'. While this was not entirely clear in the right of reply, I accept this position.

As stated in the decision, I consider a condition limiting the population size to be served by the scheme is important and therefore I make no changes to condition 3. However I accept that a 35 year duration is appropriate and amend paragraph 75 of the decision to refer to 35 years. This is consistent with paragraph 2.

APPROVAL

As Commissioner appointed to hear and decide resource consent application CRC103570 by Christchurch City Council, acting pursuant to Section 133A of the Resource Management Act 1991, I amend paragraph 75 of the decision to clarify that the duration of consent is 35 years.
