(1) The specific provisions of the Proposed Plan that my submission relates to are:		(2) My submission is that: (include whether you support or oppose the specific provisions or wish to have them amended and the reasons for your views.)	(3) I seek the following decisions from Environment Canterbury: (Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand your concerns.)
Section & Page Number	Sub-section/ Point	Oppose/support (in part or full)	Reasons
11.4.12 4-6.	A	oppose	I oppose that I will not be able to exceed the base line of 15kg of Nitrogen. We have always farmed under good environmental mgmt. We are getting penalised for other peoples miss mgmt of pollution into the waterways.
11.4.11	B	Oppose	I am opposed to the Jan 2017 benchmark that all Sheep + beef farmers be lumbered into the same Category. There are no two sheep + beef farms in Canterbury identical.
11.4.14	B	Oppose	I am opposed to the 2022 rule that all sheep + beef be reduced again further. Sheep + beef properties are not the main problems + again we are getting penalised for other peoples extreme use of Nitrogen.
			I would like the nitrogen base line to increase. So future generations can farm the property economically.
			This benchmark be abolished
			This rule changed to a common sense rule.
