State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.

My submission is that: Oppose

Please state your reasons for supporting/opposing/amendments sought

My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

Before imposing further restrictions of the transfer of water permits, Ecan should:

a) Correct errors in ECan's Consents database;

b) Review water permits and apply a reasonable annual volume;

c) Review and replace water permits and review the annual volume in line with at least 10 years of water records

d) Monitor the positive effects that the Central Plain Irrigation scheme will have on groundwater takes

Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.

I seek the following decisions from Environment Canterbury:

Postpone the implementation of the proposed Rule 11.5.37 until an accurate review of water permits has been carried out
