State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.

My submission is that: Oppose

Please state your reasons for supporting/opposing/amendments sought

My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

We oppose section 2 Water supply, allocation and flows. With regards to Annual volumes on consents to reflect demonstrated use.

This will directly impact the CHCH Sanfords mussel processing branch.

Storage of water is restricted by site size and hygiene compliance.

Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.

I seek the following decisions from Environment Canterbury:

Our water take is dependant on production shifts, ie running 1 shift or 2.

Currently production fluctuates on product availability, the long term plan is to process 2 shifts 5 days per week.
