To: Canterbury Regional Council (Environment Canterbury)

Name of person making submission: Brian Hutchinson supporting Federated FARMERS (print full name)

This is a further submission in support of a submission on the following variation to a proposed plan: Variation No 1 to the proposed Land and Water Regional Plan (Selwyn -Waihora).

I am a person who has an interest in the proposal that is greater than the interest the general public has. I am a farmer/landholder in the catchment area covered by the plan and my farming activities/farm will be directly affected by the provisions for managing water quality and/or water quantity in the variation.

I support the submission of the North Canterbury Province of Federated Farmers of New Zealand.

The particular parts of the submission I support are:

The entire submission; or

(Identify the points in the submission you support).

The reason for my support is:

We have a large area of our farm in the zone in the AREA of real concern around Lake Ellesmere. These new regulations will severely effect our farming ability to

farm in this zone. As we have been trying to improve and develop this land just to try and survive in this extremely harsh environment, and with the rising cost that are being applied to farming and business. As I've said we have been very careful in this process to work with the environment, but since we've only been doing it for 5 years, our fertilizer records won't work with this proposal.

Since my original submission has not been listened to I hope you might work with Federated Farmers to get a reasonable result.

I seek that the whole of the submission be allowed.

I do/~~do not~~ wish to be heard in support of my further submission (*delete one*)

If others make a similar submission I will consider presenting a joint case with them at a hearing (*delete if you do not wish to be part of a joint case*)
