This is a further submission in support of a submission on the following variation to a proposed plan:

Variation No 1 to the proposed Land and Water Regional Plan (Selwyn - Waihora).

I am a person who has an interest in the proposal that is greater than the interest the general public has. I am a farmer/landholder in the catchment area covered by the plan and my farming activities/farm will be directly affected by the provisions for managing water quality and/or water quantity in the variation.

I support the submission of the North Canterbury Province of Federated Farmers of New Zealand.

The particular parts of the submission I support are:

The entire submission; or and especially Nitrogen Baseline submission
(Identify the points in the submission you support).

The reason for my support is:

My Farming Business is a good example of the
problems outlined by Federated Farmers in their submission
as it relates to the Nitrogen Base Line
I will effectively be forced to cut back in production

and I will lose all further development opportunities
I believe that I will be forced to farm at the lowest
levels in the base line year.

I seek that the whole of the submission be allowed.

I do/~~do not~~ wish to be heard in support of my further submission (*delete one*)

I others make a similar submission I will consider presenting a joint case with them at a hearing
(*delete if you do not wish to be part of a joint case*)
