(print full name)

This is a further submission in support of a submission on the following variation to a proposed plan:

Variation No 1 to the proposed Land and Water Regional Plan (Selwyn -Waihora).

I am a person who has an interest in the proposal that is greater than the interest the general public has. I am a farmer/landholder in the catchment area covered by the plan and my farming activities/farm will be directly affected by the provisions for managing water quality and/or water quantity in the variation.

I support the submission of the North Canterbury Province of Federated Farmers of New Zealand.

The particular parts of the submission I support are:

The entire submission; or All except the different limits for different

(Identify the points in the submission you support).

Soil types - one limit for all preferred

The reason for my support is: -Also farm plans preferred to Planning Maps

The federation makes many very good points, and has a large amount of experience with the issuer around farming in the Selwyn area.

ie Deal with it on an individual farm basis not as a broad map sense.

I seek that the whole of the submission be allowed. ✓

~~I do~~ do not wish to be heard in support of my further submission (*delete one*)
