**Only certain people can make further submissions. Please tick the option that applies to you:**

- I am a person representing a relevant aspect of the public interest; or  
 I am a person who has an interest in the proposal that is greater than the interest the general public has (for example, I am affected by the content of a submission); or  
 I am the local authority for the relevant area.

- I do not wish to be heard in support of my further submission; or  
 I do wish to be heard in support of my further submission; and if so,  
 I would be prepared to consider presenting your further submission in a joint case with others making a similar submission at any hearing

**Service of your further submission:**

Please note: any person making a further submission must serve a copy of that submission on the original submitter no later than five working days after the submission has been provided to Environment Canterbury. If you have made a further submission on a number of original submissions, then copies of your further submission will need to be served with each original submitter.

| Nga Runanga and Te Runanga O Ngai Tahu, Mr James Caygill, PO BOX 13046 CHCH 8141                       | We agree or broadly agree with all the submissions made by Ngai Tahu                | Submissions by Ngai Tahu are all concerned with the long term health of the catchment and lake. The reference point is always preserving and enhancing the environment for future generations. Our huts community represents 120 years of colonial appreciation of nature, Ngai Tahu are representing hundreds of years of the same thing.   | Support                       |
| Dairy Holdings Ltd Mr Ben Williams, Chapman Tripp, PO Box 2150 CHCH 8140                               | We disagree or broadly disagree with all the submissions made by Dairy Holdings Ltd | Submissions by Dairy Holdings Ltd are all concerned with the short and long term health of the Dairy Holdings Ltd. The reference point is always preserving and enhancing the environment for Dairy Holdings Ltd. Our huts community represents 120 years of colonial appreciation of nature, we have seen the dairy effluent come down the river, the cow pads washed on the banks and lake edge after high water, the algal blooms every summer. If Dairy Holdings Ltd had made any attempt to recognize and mitigate that consequence to their demands we would be happy to listen.                   | Oppose                        |
| Ravensdown Fertilizer Co-operative Ltd, CHC Ltd, Mr Chris Hansen, PO Box 51282, Tawa, Wellington, 5249 | We disagree or broadly disagree with all the submissions made by Ravensdown         | Submissions by Ravensdown are all concerned with the short and long term health of the Ravensdown. The reference point is always preserving and enhancing the environment for Ravensdown. Our huts community represents 120 years of colonial appreciation of nature, we have seen the dairy farms on the edge of the lake spreading truckloads of N right next to the water. We see the algal blooms, if Ravensdown had made any attempt to recognize and mitigate that consequence to their perfect future we would be happy to listen but Ravensdown makes money from selling more N and P, not less. | Oppose                        |
| Selwyn District Council, PO Box Rolleston,   | Point 516   | While the LSHOA respects the seniority of Ngai Tahu as Tangata Whenua in the catchment, and LSHOA supports the concept of the Land and Cultural values sector around Te Waihora/Lake Ellesmere, we agree with the SDC that it would be good to explicitly acknowledge the other lakeside communities with some historical weight (admittedly post colonial) who lie within the proposed Land and Cultural values sector. Selwyn Huts, Lower Selwyn Huts were both gazetted in the mid 1890s.   | Support                       |
