

Draft Officers Report: Proposed Canterbury Land & Water Regional Plan – Section 6

	F576.2751	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F597.195	Malvern Hills Protection Society Inc	<i>Support</i>
	F623.95	Rangitata Diversion Race Management Limited	<i>Oppose</i>
	F624.489	Horticulture New Zealand	<i>Oppose</i>
6-0-0	347.181	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	Ensure all allocation blocks are calculated using the provisions in Rule 5.96.
6-0-0 1	320.210	Combined Canterbury Provinces, Federated Farmers of New Zealand	Support sub regional sections which have been developed by a collaborative, science-informed, catchment-based process. Sub regional sections developed in this way, and according to statutory requirements, should not be subject to re-litigation in this plan process.
6-0-0 1	93.50	Community & Public Health, Christchurch	Support, make reference to, and be consistent with the relevant Zone Implementation Plan in Kaikoura Sub-regional section.
6-0-0 1	93.60	Community & Public Health, Christchurch	Include a statement regarding safe and secure drinking water in Kaikoura Sub-regional section.
6-0-0 1	106.2	Christchurch City Council, Strategy & Planning	Section 6: Kaikoura sub-regional area. Delete recommendations from Zone Committees until their ZIPs are complete and approved by relevant committees and councils, and include a note that the ZIP recommendations will be included by subsequent variation.
	F615.438	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>
	F624.72	Horticulture New Zealand	<i>Oppose</i>
6-0-0 1	120.265	Director General of Conservation	In each of the Sub-regional Chapters (6-15) include a schedule of surface water consents granted for each catchment, including the following information: i) Block (A, B, or C) ii) Surface water allocation zone: iii) CRC number, iv) NZ Topographic grid reference v) Maximum rate take vi) Partial restriction (Y/N and type) vii) Calculated stream depletion effect (where a stream depleting consents), and Expiry date
6-0-0 1	120.266	Director General of Conservation	Amend the lists of “high naturalness water bodies” contained in the sub-regional chapters with those classified in the top 20% of the FENZ database system. Refer to Annexure B for a map showing the top 20% of FENZ classified rivers. Include all Areas of Significant Conservation Value in the current the Canterbury Coastal Plan as “high naturalness waterbodies” in relevant sections 6-15 Also, footnote that they are in the Coastal Marine Area, but that their inclusion assists with giving effect to the NZ Freshwater Policy statement and NZCPS Policy 7 Strategic Planning (2, p 15) NZCPS.
6-0-0 1	120.267	Director General of Conservation	Insert reference to the Canterbury Regional Coastal Plan under the heading “Other Regional Plans that apply...” in each sub-regional chapter.
6-0-0 1	169.126	New Zealand Transport Agency	Vii - would make sense to have the ten sub-regional sections within section 6. Page vii introducing these sections does not have a "home".
	F558.79	Fonterra Co-Operative Group Limited (Auckland)	<i>Oppose</i>
	F576.1224	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F615.664	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>
	F624.165	Horticulture New Zealand	<i>Oppose</i>
6-0-0 1	200.159	Environmental Defence Society Incorporated	Limits should come into force within two years rather than until 1 July 2017. See submission for further details Any consequential changes necessary to give effect to this submission.
	F543.174	Irricon Resource Solutions Limited (Geraldine)	<i>Support</i>
	F576.1760	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
6-0-0 1	239.65	The Fertiliser Association of New Zealand Incorporated	The Fertiliser Industry welcomes close engagement with CRC in the development of Nutrient Management provisions for Sections 6-15, and That provisions developed for Sections 6-15 are developed with national consistency in mind
6-0-0 1	279.25	Aqualinc Research Limited	No decision sort
	F576.2499	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
6-0-0 1	279.26	Aqualinc Research Limited	Amend groundwater allocation limits using the third order calculations, see submission for details.
	F528.224	Mr Ross Little	<i>Support</i>
	F597.191	Malvern Hills Protection Society Inc	<i>Support</i>
	F624.485	Horticulture New Zealand	<i>Oppose</i>
6-0-0 1	347.177	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	As with the policies, objectives and rules, the subregional sections are supported by Fish and Game unless stated otherwise or modified.
	F615.439	Fish & Game New Zealand (Nelson/Marlborough, North	<i>Support</i>

		Canterbury & Central South Island)	
6-4-1 2	120.268	Director General of Conservation	Provide a separate policy regarding the formation of water user groups.
6-4-1 2	169.127	New Zealand Transport Agency	Decision sought unclear, specific wording not provided
6-4-2 2	28.1	Mr Hamish Mackenzie	Amend Policy 6.4.3 on page 6-2 as follows: "...listed in Table 2 below, shall be 1L/s, except where, in the case of ewelme Stream, the take is below the Main North Railway line. (Note - correct reference is to policy 6.4.2 - see submission for further detail)
6-4-2 2	120.269	Director General of Conservation	Retain
6-4-3 2	169.128	New Zealand Transport Agency	Unclear amendment sought. Unclear what the limits are for the Upper Kahutara catchment A block outside 1 May-21 September? If it is the same as the Upper Kahutara River then there are limits set for the remaining times, but unclear on current wording.
6-4-3 2	324.3	Marlborough District Council	Amend 6.4.3 as follows: For all rivers and streams listed in Table 2, except for the Upper Kahutara catchment A block (1May - 30 Sep) <u>and the Clarence River and its tributaries catchment A block</u> , no new water permits, or increases in the maximum rate of take or annual volume for existing permits, for the taking or diversion of:...
	F524.46	Fulton Hogan Limited	<i>Oppose</i>
	F540.38	The Canterbury Aggregate Producers Group (Aggregate Group)	<i>Oppose</i>
	F576.1644	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
6-5-0 2	232.10	Whitewater New Zealand & Whitewater Canoe Club	Amend 6.5 by adding a new rule: " 6.5.2 <i>The taking of rock from the bed of the Clarence River along its length is a discretionary activity.</i> "
6-5-1 2	112.3	Mr Edward Snowden	Retain prohibition on damming of Clarence River
	F615.440	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>
6-5-1 2	120.270	Director General of Conservation	Amend Rule 6.5.1 to prohibit all damming of the mainstem of Clarence River whether or not the damming is of the full flow. Amend Rule 6.5.1 to preclude diversion of water from the mainstem of the Clarence River
	F576.1654	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
6-5-1 2	232.20	Whitewater New Zealand & Whitewater Canoe Club	Support rule 6.5.1
6-6-1 3	28.2	Mr Hamish Mackenzie	Amend the Ewelme Stream entry in Table 2 as follows "Minimum flow for 'A' permits shall be: 35 above the Main North Railway Line only. No minimum flow shall apply to existing "A" permit groundwater takes with a 'high' or 'moderate' degree of hydraulic connection below this point".
	F510.5	Kaikoura District Council	<i>Unclear</i>
	F510.6	Kaikoura District Council	<i>Oppose</i>
6-6-1 3	120.271	Director General of Conservation	Table 2 should be amended to refer to a zero allocation block for the Clarence River. Insert a significantly higher minimum flow of 90% of 7DMALF as per the default rule in 5.96, Condition 2. for new takes on the Upper Kahutara. Support other flows listed in the table.
6-6-1 3	120.272	Director General of Conservation	Table 2 should be amended to refer to a zero allocation block for the Clarence River
	F510.33	Kaikoura District Council	<i>Support</i>
6-6-1 3	324.2	Marlborough District Council	Add the following row to Table 2 in Section 6.6.1: Clarence River Calculated using regression with recorder at Jollies 17508 10942 - - (see submission for further details)
6-7-0 4	31.61	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Retain the designation of Lakes Rotorua and Rotoiti, near Kaikoura as "High Naturalness Lakes"
6-7-0 4	112.5	Mr Edward Snowden	Include Lake Sumner as a High Naturalness Water Body in the Kaikoura Sub-regional section.
6-7-0 4	120.273	Director General of Conservation	Amend list of High Naturalness waterbodies to reflect top 20% of FENZ and, where appropriate, Areas of Significant Conservation Value as noted in the current the Canterbury Coastal Plan
	F576.1655	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
6-7-0 4	232.21	Whitewater New Zealand & Whitewater Canoe Club	Amend 7.5 by including the following relating to the Clarence River and tributaries in the "Characteristics" Column of the Table: <i>"Outstanding wild and scenic characteristics from the confluence with the Acheron to the sea including the Gates of the Clarence, Middle Clarence and Sawtooth Gorges. Nationally significant kayaking, canoeing and rafting values from Lake Tennyson to the sea."</i>
