

## Draft Officers Report: Proposed Canterbury Land & Water Regional Plan – Sections 11-15

	F597.271	Malvern Hills Protection Society Inc	<i>Support</i>
	F624.564	Horticulture New Zealand	<i>Oppose</i>
11-0-0	347.257	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	Ensure all allocation blocks are calculated using the provisions in Rule 5.96.
11-0-0 1	19.114	Ellesmere Irrigation Society Incorporated	Add additional outcome: 95 - 100% reliability of irrigation water supply.
11-0-0 1	93.55	Community & Public Health, Christchurch	Support, make reference to, and be consistent with the relevant Zone Implementation Plan in Selwyn-Waihora Sub-regional section.
11-0-0 1	93.65	Community & Public Health, Christchurch	Include a statement regarding safe and secure drinking water in Selwyn-Waihora Sub-regional section.
11-0-0 1	106.7	Christchurch City Council, Strategy & Planning	Section 11: Selwyn - Waihora sub-regional area. Delete recommendations from Zone Committees until their ZIPs are complete and approved by relevant committees and councils, and include a note that the ZIP recommendations will be included by subsequent variation.
	F509.14	Lyttelton Port Company Limited	<i>Oppose</i>
11-0-0 1	120.291	Director General of Conservation	Amend the ranking of the bullet points in the introduction to reflect the order (first and second) of development priorities of the Committee.
11-0-0 1	120.293	Director General of Conservation	Insert a list of High Naturalness waterbodies to reflect top 20% of FENZ and, where appropriate, Areas of Significant Conservation Value as noted in the current Canterbury Regional Coastal Plan.  relief unclear as no High Naturalness areas in this part of section 11.
	F576.1229	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F615.669	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>
	F624.170	Horticulture New Zealand	<i>Oppose</i>
11-0-0 1	200.164	Environmental Defence Society Incorporated	Limits should come into force within two years rather than until 1 July 2017. See submission for further details Any consequential changes necessary to give effect to this submission.
	F543.179	Irricon Resource Solutions Limited (Geraldine)	<i>Support</i>
	F576.1765	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
11-0-0 1	239.70	The Fertiliser Association of New Zealand Incorporated	The Fertiliser Industry welcomes close engagement with CRC in the development of Nutrient Management provisions for Sections 6-15, and That provisions developed for Sections 6-15 are developed with national consistency in mind
	F576.2504	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
11-0-0 1	279.31	Aqualinc Research Limited	Amend groundwater allocation limits using the third order calculations, see submission for details.
	F576.2509	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
11-0-0 1	281.1	Mrs Rosalie Snoyink	The following needs to happen urgently:  Reduce dairy cow numbers per hectare Limit fertiliser applications Limit nitrate and other chemical inputs Fence stock from waterways to reduce nutrient and pathogenic contamination Ban water trading. Any unused allocated water should be returned to water bodies No over allocation of water Demand greater compliance than current levels Ensure stronger penalties for non-compliance  No specific text for relief provided
11-0-0 1	390.2	Canterbury Aoraki Conservation Board	A need to put a cap on dairying activity within the lake Ellesmere/TeWaihora area.
11-1-0 2	120.292	Director General of Conservation	Amend the introduction to include reference to Te Waihora's status as a RAMSAR site and the existence of the Department of Conservation and Ngai Tahu Joint Management Plan.
	F576.1522	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
11-5-0 1	222.28	Department Of Corrections, Wellington	That confirmation be provided in the LWRP as to when the nutrient load limit and nutrient allowance will be set for the Selwyn-Waihora Sub-Regional Area and whether Rules 5.39 to 5.51, or any other requirement, apply in the interim.
	F576.1523	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
11-5-0 1	222.29	Department Of Corrections, Wellington	That confirmation be provided as to when the remaining sub-sections of section 11 (Selwyn-Waihora) of the LWRP will be drafted
	F524.51	Fulton Hogan Limited	<i>Oppose</i>

	F540.42	The Canterbury Aggregate Producers Group (Aggregate Group)	<i>Oppose</i>
	F576.1649	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
11-5-0 2	232.15	Whitewater New Zealand & Whitewater Canoe Club	Amend 11.5 by adding a new rule: "The taking of rock from the bed of any river used by white water boaters is a discretionary activity."
	F576.1606	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
11-6-0 2	228.41	Poultry Industry Assn of NZ (Inc) & Egg Producers Fed of NZ (Inc)	That confirmation be provided as to when the remaining sub-sections of Section 11 (Selwyn-Waihora) of the LWRP will be drafted. AND/OR Such other additional or consequential relief as is necessary to satisfy the concerns of the submitters.
	F576.1605	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
11-6-3 2	228.40	Poultry Industry Assn of NZ (Inc) & Egg Producers Fed of NZ (Inc)	That confirmation be provided as to when the nutrient load limit and nutrient allowance will be set for the Selwyn-Waihora Sub-Regional Area and whether Rules 5.39 to 5.51, or any other requirement, apply in the interim. AND/OR Such other additional or consequential relief as is necessary to satisfy the concerns of the submitters.
11-7-0 2	30.23	Mr Robert Johnston	Delete Kaituna River and Prices Valley Stream from the table
11-7-0 2	345.1	Mr Hamish Rennie	Flow Sensitive Catchments - Extend flow sensitive catchments to all points upstream of Coes Ford.
	F597.272	Malvern Hills Protection Society Inc	<i>Support</i>
	F624.565	Horticulture New Zealand	<i>Oppose</i>
12-0-0	347.258	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	Ensure all allocation blocks are calculated using the provisions in Rule 5.96.
12-0-0 1	93.56	Community & Public Health, Christchurch	Support, make reference to, and be consistent with the relevant Zone Implementation Plan in Central Canterbury Alpine Rivers Sub-regional section.
12-0-0 1	93.66	Community & Public Health, Christchurch	Include a statement regarding safe and secure drinking water in Central Canterbury Alpine Rivers sub-regional section.
12-0-0 1	106.8	Christchurch City Council, Strategy & Planning	Section 12: Central Canterbury Alpine Rivers sub-regional area. Delete recommendations from Zone Committees until their ZIPs are complete and approved by relevant committees and councils, and include a note that the ZIP recommendations will be included by subsequent variation.
12-0-0 1	120.294	Director General of Conservation	Add comment to clarify that the Styx River catchment falls outside the rules of the Waimakariri River Regional Plan 2004
	F513.39	Waimakariri District Council	<i>Support</i>
	F576.1067	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
12-0-0 1	200.4	Environmental Defence Society Incorporated	The provisions of the Land and Water Regional Plan should prevail over the Waimakariri River Regional Plan - see submission for further details Any consequential changes necessary to give effect to this submission.
	F576.1068	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
12-0-0 1	200.5	Environmental Defence Society Incorporated	The provisions of the Land and Water Regional Plan should prevail over the Ophi River Regional Plan - see submission for further details Any consequential changes necessary to give effect to this submission.
	F576.1230	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F615.670	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>
	F624.171	Horticulture New Zealand	<i>Oppose</i>
12-0-0 1	200.165	Environmental Defence Society Incorporated	Limits should come into force within two years rather than until 1 July 2017. See submission for further details Any consequential changes necessary to give effect to this submission.
	F543.180	Irricon Resource Solutions Limited (Geraldine)	<i>Support</i>
	F576.1766	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
12-0-0 1	239.71	The Fertiliser Association of New Zealand Incorporated	The Fertiliser Industry welcomes close engagement with CRC in the development of Nutrient Management provisions for Sections 6-15, and That provisions developed for Sections 6-15 are developed with national consistency in mind
	F576.2025	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
12-0-0 1	250.86	TrustPower Limited	1. Retain Section 12 of the PLWRP subject to the amendments sought to Sections 12.2 and 12.6.1 in the submissions below.  Any similar or consequential amendments to the PLWRP that stem from the submission and relief sought
	F576.2505	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>

12-0-0 1	279.32	Aqualinc Research Limited	Amend groundwater allocation limits using the third order calculations, see submission for details.
	F597.199	Malvern Hills Protection Society Inc	<i>Support</i>
	F624.493	Horticulture New Zealand	<i>Oppose</i>
12-0-0 1	347.185	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	Retain section 12
	F567.201	TrustPower Limited	<i>Oppose</i>
	F623.111	Rangitata Diversion Race Management Limited	<i>Oppose</i>
12-0-0 1	358.88	Nga Runanga of Canterbury & Te Runanga o Ngai Tahu	Delete Section 12. Any consequential amendments
	F567.120	TrustPower Limited	<i>Oppose</i>
	F576.1662	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
12-0-0 2	232.28	Whitewater New Zealand & Whitewater Canoe Club	Insert " <i>The following are to be applied when reading relevant policies and rules in Sections 4, 5 and 12.</i> " above another Table on "High Naturalness Waterbodies". Include another table on "High Naturalness Waterbodies" (see submission for further detail).
	F567.121	TrustPower Limited	<i>Oppose</i>
	F576.1663	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
12-0-0 2	232.29	Whitewater New Zealand & Whitewater Canoe Club	Insert " <i>The following are to be applied when reading relevant policies and rules in Sections 4, 5 and 12.</i> " above a Table on "Other Waterbodies". Include a table on "Other Waterbodies" (see submission for further detail).
12-2-0 2	250.87	TrustPower Limited	1. Amend Section 12.2 as follows:  <b><i>"Water Conservation Orders that apply to the Central Canterbury Alpine Rivers Sub-regional area</i></b> <i>National Water Conservation (Rakaia River) Order 1988.</i> <i>National Water Conservation (Rangitata River) Order 2006."</i>  Any similar or consequential amendments to the PLWRP that stem from the submission and relief sought
	F524.52	Fulton Hogan Limited	<i>Oppose</i>
	F540.43	The Canterbury Aggregate Producers Group (Aggregate Group)	<i>Oppose</i>
	F567.118	TrustPower Limited	<i>Oppose</i>
	F576.1650	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F623.46	Rangitata Diversion Race Management Limited	<i>Oppose</i>
12-5-0 2	232.16	Whitewater New Zealand & Whitewater Canoe Club	Amend 12.5 by adding a new rule: <i>"The taking of rock from the bed of any river used by white water boaters is a discretionary activity."</i>
	F576.2026	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
12-6-1 2	250.88	TrustPower Limited	1. Amend Section 12.6.1 as follows:  <b><i>"Environmental Flow and Allocation Limits</i></b> <i>See Waimakariri River Regional Plan 2004, and the National Water Conservation (Rakaia River) Order 1988 and National Water Conservation (Rangitata River) Order 2006 Rakaia and Rangitata Water Conservation Orders."</i>  2. Any similar or consequential amendments to the PLWRP that stem from the submission and relief sought.
12-7-0 2	31.41	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Retain Lake Denny in 12.7 High Naturalness Waterbodies: Note - it would be better placed in 13.8 with all the other Ashburton Lakes, together with a note stating that Lake Denny drains to the Rangitata River
	F567.33	TrustPower Limited	<i>Oppose</i>
12-7-0 2	120.295	Director General of Conservation	Insert a list of High Naturalness waterbodies to reflect top 20% of FENZ and, where appropriate, Areas of Significant Conservation Value as noted in the current Canterbury Regional Coastal Plan. Include in that list Lake Heron, Waimakariri and Rakaia River mouths.

	F576.2755	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F597.200	Malvern Hills Protection Society Inc	<i>Support</i>
	F624.494	Horticulture New Zealand	<i>Oppose</i>
12-7-0 2	347.186	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	Add the Clyde River and all tributaries; and the Havelock River and all tributaries to section 12.7
	F597.273	Malvern Hills Protection Society Inc	<i>Support</i>
	F624.566	Horticulture New Zealand	<i>Oppose</i>
13-0-0	347.259	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	Ensure all allocation blocks are calculated using the provisions in Rule 5.96.
13-0-0 1	320.211	Combined Canterbury Provinces, Federated Farmers of New Zealand	Add a fifth bullet point, as follows: - <i>The use of abstracted water underpins the economic and social wellbeing of the district and wider region.</i>
13-0-0 1	18.1	Save The Rivers Mid Canterbury Inc.	We support the identification of priority outcomes for the Ashburton River.
	F567.1	TrustPower Limited	<i>Oppose</i>
	F576.66	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
13-0-0 1	18.2	Save The Rivers Mid Canterbury Inc.	The immediate minimum flow target needs to be 10 cumecs.
13-0-0 1	31.42	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Retain the flow and allocation regime with a minimum flow of 6,000l/s at SH1, and in the longer term a minimum flow of 10,000l/s (should be 10,800 l/s).
	F567.4	TrustPower Limited	<i>Oppose</i>
	F576.122	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F623.107	Rangitata Diversion Race Management Limited	<i>Oppose</i>
13-0-0 1	31.43	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Add an objective of keeping the mouth of the Hakatere/Ashburton River open most of the time (say 90% of time). This should be achieved with flows above 6,000 l/s at SH1.
13-0-0 1	72.19	Terralea Partnership	Fully support the key role the zone committee in managing the local activities and decisions.
13-0-0 1	93.57	Community & Public Health, Christchurch	Support, make reference to, and be consistent with the relevant Zone Implementation Plan in Ashburton Sub-regional section.
13-0-0 1	93.67	Community & Public Health, Christchurch	Include a statement regarding safe and secure drinking water in Ashburton sub-regional section.
13-0-0 1	106.9	Christchurch City Council, Strategy & Planning	Section 13: Ashburton sub-regional area. Delete recommendations from Zone Committees until their ZIPs are complete and approved by relevant committees and councils, and include a note that the ZIP recommendations will be included by subsequent variation.
	F576.282	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
13-0-0 1	111.7	Gregory Partnership	That the regime stay at Status quo until such time as it can be proven that there is enough water in the South Branch of the Ashburton River
13-0-0 1	120.298	Director General of Conservation	Insert a list of High Naturalness waterbodies to reflect top 20% of FENZ and, where appropriate, Areas of Significant Conservation Value as noted in the current Canterbury Regional Coastal Plan. Include in that list Lake Heron, Waimakariri and Rakaia River mouths.  exact relief unclear as no high naturalness part in this section.
	F576.1231	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F615.671	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>
	F624.172	Horticulture New Zealand	<i>Oppose</i>
13-0-0 1	200.166	Environmental Defence Society Incorporated	Limits should come into force within two years rather than until 1 July 2017. See submission for further details Any consequential changes necessary to give effect to this submission.
	F567.83	TrustPower Limited	<i>Oppose</i>
	F576.1236	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F623.34	Rangitata Diversion Race Management Limited	<i>Oppose</i>
13-0-0 1	200.172	Environmental Defence Society Incorporated	Exemptions for the Rangitata Diversion Race allocations should be removed. See submission for further details Any consequential changes necessary to give effect to this submission.
	F567.122	TrustPower Limited	<i>Oppose</i>
	F576.1664	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
13-0-0 1	232.30	Whitewater New Zealand & Whitewater Canoe Club	Insert " <i>The following are to be applied when reading relevant policies and rules in Sections 4, 5 and 13.</i> " above a Table on "Other Waterbodies". Include a table on "Other Waterbodies" (see submission for further detail).
	F543.181	Irricon Resource Solutions Limited (Geraldine)	<i>Support</i>

	F576.1767	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
13-0-0 1	239.72	The Fertiliser Association of New Zealand Incorporated	The Fertiliser Industry welcomes close engagement with CRC in the development of Nutrient Management provisions for Sections 6-15, and That provisions developed for Sections 6-15 are developed with national consistency in mind
	F576.2027	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
	F615.354	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Oppose</i>
	F627.30	Nga Runanga of Canterbury & Te Runanga o Ngai Tahu	<i>Oppose</i>
13-0-0 1	250.89	TrustPower Limited	<p>1. That the minimum flow set within Table 12 of the PLWRP as it relates to the RDR intake on the South Branch of the Ashburton River be retained at 2,300 L/s (as per the consented regime) until the Canterbury Regional Council can properly demonstrate that the RDR will not be adversely affected through any loss in reliability.</p> <p>2. Over and above Policy 13.4.1, that Section 13 of the PLWRP is amended to make it clear that a reduction in the Ashburton District Council's stockwater take will lead to an increase in the minimum flow.</p> <p>3. That Table 12 of the PLWRP be amended to include a new implementation timeframe for the increase in short to medium term minimum flows for existing abstractors (including the RDR intake on the South Branch of the Ashburton River) and that this increase not come into effect until August 2017.</p> <p>4. Any similar or consequential amendments to the PLWRP that stem from the submission and relief sought.</p> <p>and</p> <p>1. Delete the minimum flow for A permits of 3,200 L/s (October - April) in Table 12 of the PLWRP and replace it with the following:</p> <p style="padding-left: 40px;"><i>“3,200 (<del>October-February</del> - April)</i> <i>2,300 (May - <del>September-January)</del>”</i></p> <p>Any similar or consequential amendments to the PLWRP that stem from the submission and relief sought.</p>
	F576.2506	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
13-0-0 1	279.33	Aqualinc Research Limited	Amend groundwater allocation limits using the third order calculations, see submission for details.
	F528.225	Mr Ross Little	<i>Support</i>
	F623.73	Rangitata Diversion Race Management Limited	<i>Support</i>
13-0-0 1	329.18	CJ & AM Allen	Add a fifth bullet point, as follows: The use of abstracted water underpins the economic and social wellbeing of the district and wider region
13-0-0 2	320.212	Combined Canterbury Provinces, Federated Farmers of New Zealand	Amend as follows: <i>The regime does not restrict their take in the same manner as other takes and, therefore RDR will <u>be required</u> to play an active role in Water Users' Groups to manage reliability of supply.</i>
	F528.226	Mr Ross Little	<i>Support</i>
	F567.147	TrustPower Limited	<i>Oppose</i>
	F615.218	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>
	F623.74	Rangitata Diversion Race Management Limited	<i>Oppose</i>
13-0-0 2	329.19	CJ & AM Allen	Amend paragraph 1 as follows:

			The regime does not restrict their take in the same manner as other takes and, therefore it is expected that RDR will be required to play an active role in Water users' Groups to manage reliability of supply.
13-0-0 4	89.5	Bowden Environmental	Amend the allocation limit of Hapuku River to include CRC081804 (28 L/s)
	F567.2	TrustPower Limited	<i>Oppose</i>
13-2-0 2	18.3	Save The Rivers Mid Canterbury Inc.	Uphold the provisions of the Water Conservation Orders and the residual flows that they support.
13-4-1 2	320.213	Combined Canterbury Provinces, Federated Farmers of New Zealand	Clarify the nature of the reduction in take, whether it is a reduction in consented volume/flow or a reduction in the actual take.
	F623.108	Rangitata Diversion Race Management Limited	<i>Support</i>
13-4-1 2	31.44	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Retain this policy provided other, or surplus water previously allocated to stockwater schemes is returned to the Ashburton River
13-4-1 2	38.2	Property Brokers	Cease community surface water stock water supplies from the Ashburton River catchment (specific wording not provided)
	F567.39	TrustPower Limited	<i>Oppose</i>
	F623.13	Rangitata Diversion Race Management Limited	<i>Oppose</i>
13-4-1 2	146.79	Ashburton District Council	Delete Policy 13.4.1.
13-4-1 2	197.93	Rangitata Diversion Race Management Limited	Over and above Policy 13.4.1, that Chapter 13 is amended to make it clear that a reduction in the Ashburton District Council stockwater take will lead to an increase in the minimum flow. Any similar or consequential amendments that stem from the submission.
	F576.1004	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
	F615.608	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Oppose</i>
13-4-1 2	197.96	Rangitata Diversion Race Management Limited	Amend Policy 13.4.1, and the relevant methods that stem from the same, to make it plain that should the reduction in the ADC's abstraction from the South Branch not result in increased flows being experienced in the Ashburton River (as measured at the State Highway 1 Bridge) that a plan change will be promoted (by the Regional Council) to change the flow and allocation regimes back to those which existed on the 1 <sup>st</sup> of August 2012. Any similar or consequential amendments that stem from the submission.
	F528.227	Mr Ross Little	<i>Support</i>
13-4-1 2	329.20	CJ & AM Allen	Clarify the nature of the reduction in take, whether it is a reduction in consented volume/flow or a reduction in the actual take and which tributary the reduced take will flow
13-4-2 2	18.4	Save The Rivers Mid Canterbury Inc.	Support this policy but believe that if replacement of a water permit for surface water is considered then it should only be granted if there are no practical alternatives.
13-4-2 2	31.45	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Retain this policy.
13-4-2 2	120.296	Director General of Conservation	Retain as drafted.
	F576.1234	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F615.674	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>
13-4-2 2	200.169	Environmental Defence Society Incorporated	Amend to reflect that no guarantee exists under RMA that water permits will be replaced nor on the same conditions as previously granted. See submission for further details. Any consequential changes necessary to give effect to this submission.
	F576.2756	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F597.201	Malvern Hills Protection Society Inc	<i>Support</i>
	F624.495	Horticulture New Zealand	<i>Oppose</i>
13-4-2 2	347.187	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	Amend Policy 13.4.2 as follows:  <i>13.4.2 No new surface or stream depleting groundwater permits will be granted in the Hakatere/Ashburton River catchment until the minimum flow at the State Highway 1 recorder site is raised to 10,000 L/s, except for the replacement of water permits that expire and where replacement with <b>no increase in rate or volume</b> is sought.</i>
	F576.67	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
13-4-3 2	18.5	Save The Rivers Mid Canterbury Inc.	Retain this policy
13-4-3 2	31.46	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Retain policy to address over-allocation.
	F576.1235	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F615.675	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>

13-4-3 2	200.170	Environmental Defence Society Incorporated	See submission for further details Any consequential changes necessary to give effect to this submission.
	F576.68	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
13-4-4 2	18.6	Save The Rivers Mid Canterbury Inc.	Support policy on the understanding that allocations of the remaining 35 million cubic metres results in the return of more water to the river.
13-4-4 2	31.47	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Retain policy to address over-allocation .
13-4-5 2	320.214	Combined Canterbury Provinces, Federated Farmers of New Zealand	Acknowledge that the opportunity to exchange surface water or hydraulically connected ground water for deep groundwater is limited and will be costly.
13-4-5 2	18.7	Save The Rivers Mid Canterbury Inc.	Any new groundwater take should not be more than the corresponding surface water take. (The chapter number is incorrect, see submission for further detail)
13-4-5 2	31.48	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Retain policy to address over-allocation.
	F576.279	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
13-4-5 2	111.2	Gregory Partnership	That non-direct extractions that are hydraulically connected, both shallow groundwater takes and ground fed surface water takes, should be treated separately and differently from direct takes from the Ashburton River. This should happen on a pro-rata basis, based on the rate of each individuals hydraulic connection ie:- if the hydraulic connection to the river from a shallow groundwater well or ground fed surface water well is only 5.1l/s, then river restriction should be based on a pro-rata basis of 5.1l/s. A direct river take /extraction from the river has immediate influence on the river flow / volume, whereas a hydraulically connected surface ground water take and shallow wells have a much lesser affect and take longer to influence river flows.
	F576.2226	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
13-4-5 2	257.68	Silver Fern Farms Limited, Christchurch	Relief sought unclear - (see submission for further detail)
	F528.228	Mr Ross Little	<i>Support</i>
13-4-5 2	329.21	CJ & AM Allen	Acknowledge that the opportunity to exchange surface water or hydraulically connected ground water for deep groundwater is limited and will be costly in infrastructure and on-going running costs.
13-4-6 2	320.215	Combined Canterbury Provinces, Federated Farmers of New Zealand	Amend Policy 13.4.6, as follows: <i>The water resulting from any surrendered surface water and stream depleting groundwater takes in the Hakatere/Ashburton River catchment will not be re-allocated and will be left in the river, until such time as the catchment is no longer over allocated.</i>
13-4-6 2	18.8	Save The Rivers Mid Canterbury Inc.	Support this policy (Chapter number is incorrect, see submission for further detail)
13-4-6 2	31.49	Royal Forest & Bird Protection Society of NZ Inc, Ashburton Branch	Retain policy.
	F576.280	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
13-4-6 2	111.3	Gregory Partnership	That non-direct extractions that are hydraulically connected, both shallow groundwater takes and ground fed surface water takes, should be treated separately and differently from direct takes from the Ashburton River. This should happen on a pro-rata basis, based on the rate of each individuals hydraulic connection ie:- if the hydraulic connection to the river from a shallow groundwater well or ground fed surface water well is only 5.1l/s, then river restriction should be based on a pro-rata basis of 5.1l/s. A direct river take /extraction from the river has immediate influence on the river flow / volume, whereas a hydraulically connected surface ground water take and shallow wells have a much lesser affect and take longer to influence river flows.
	F528.229	Mr Ross Little	<i>Support</i>
	F623.75	Rangitata Diversion Race Management Limited	<i>Support</i>
13-4-6 2	329.22	CJ & AM Allen	Amend Policy 13.4.6 as follows: The water resulting from any surrendered surface water and stream depleting groundwater takes in the Hakatere/Ashburton River catchment will not be re-allocated and will be left in the river, until such time as the catchment is no longer over allocated.
