

Draft Officers Report: Proposed Canterbury Land & Water Regional Plan – Section 17

	F576.18	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0	16.8	Mr Ross Little	Amend by removing the Waipara River catchment from the red zone classification for nutrient zone management, and a separate classification is used for catchments such as the Waipara where there are natural effects causing algal growth, as this requires different consideration in the Plan provisions.
17-0-0 1	320.206	Combined Canterbury Provinces, Federated Farmers of New Zealand	Area LH2 is removed from the planning maps, reference to LH2 removed from the rules of the LWRP, and the overall framework re-notified at a later date, once appropriate work has been undertaken, most likely in the development of the sub-regional plans. At a minimum this will involve comprehensive consultation with affected landowners. See submission for further comment.
	F576.50	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0 1	16.39	Mr Ross Little	Explain "land zoned LH 1 (and LH2)" on the planning maps.
17-0-0 1	125.49	Kaikoura District Council	Ensure detailed mapping is completed to show all "Septic Tank Suitability Area A" for the entire Canterbury Region before the planning maps are made operative.
17-0-0 1	125.50	Kaikoura District Council	Amend all B-series maps to accurately reflect soil erosion areas LH1 and LH2 OR Delete all LH1 and LH2 areas for the Kaikoura District which are not also included within Area 2 of Planning Map 1of the Land and Vegetation Management Regional Plan part I: Earthworks and Vegetation Clearance Kaikoura East Coast.
17-0-0 1	125.51	Kaikoura District Council	Amend all B series planning maps to clearly show where damming of full flow is prohibited.
17-0-0 1	125.52	Kaikoura District Council	Amend B series maps to reflect changes sought by the submission on Schedule 17 Salmon and Inanga Spawning Sites and update maps accordingly to ensure that both salmon and inanga spawning sites are mapped.
17-0-0 1	125.53	Kaikoura District Council	Amend legend to read "Salmon and Inanga Spawning Sites."
	F557.32	Mackenzie District Council	<i>Oppose</i>
17-0-0 1	167.86	Canterbury Regional Council	The key on all maps to be altered so that the term “Septic tank suitability - Area A” is altered to “On-site Effluent Suitability Area”.
17-0-0 1	167.87	Canterbury Regional Council	The key on all maps to be altered so that the term “Sensitive Lake Catchments” is altered to “Lake Zone”.
17-0-0 1	167.88	Canterbury Regional Council	The Timaru Groundwater Allocation Zone (attached as Appendix A) is shown on the maps, along with a slight alteration to the boundary of the Levels Plain Groundwater Allocation Zone.
	F557.31	Mackenzie District Council	<i>Oppose</i>
17-0-0 1	167.89	Canterbury Regional Council	The “On-site Effluent Suitability Area” be extended to cover all those areas shown on the map in Appendix B.
	F576.412	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0 1	167.90	Canterbury Regional Council	The map layer shown as “LH1: Low & moderate soil erosion risk” be deleted from all maps and “LH1: Low & moderate soil erosion risk” be deleted from the key.
	F576.413	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
17-0-0 1	167.91	Canterbury Regional Council	Alter the area presently shown as “LH2” to align with slopes greater than 20 degrees and subject to deep seated erosion risk - see attached map in Appendix C.
	F576.414	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
17-0-0 1	167.92	Canterbury Regional Council	The key on all maps to be altered so that the term “Area LH2: High soil erosion risk” is altered to “High soil erosion risk”.
17-0-0 1	167.93	Canterbury Regional Council	That all maps in the pLWRP, and in particular the maps in Sub-regional Sections 9 and 10, be altered so that it is clear that any areas within the Coastal Marine Area are excluded from the pLWRP.
17-0-0 1	167.94	Canterbury Regional Council	The maps be amended and altered so as to make the format and layout more user-friendly and concise.
	F543.60	Irricon Resource Solutions Limited (Geraldine)	<i>Oppose</i>
	F576.581	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0 1	186.11	Birchwood Run and West Edge Limited	Amend zoning maps so that: There is an option to use methods other than Overseer other to establish to a similar or better level likely or actual nitrate outputs from the land use; The nutrient zoning is suspended until such time as the zones have been redefined on the basis of more appropriate localised boundaries based on more robust

			and appropriate data. (Specific wording not provided)
	F576.878	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0 1	193.2	Mr William Palmer	Remove Red nutrient zones which do not drain towards Lake Ellesmere. Or Classify Red nutrient zones as 'at risk' as the default position, until further technical work has been done
	F576.879	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0 1	193.3	Mr William Palmer	Remove Red nutrient zones which do not drain towards Lake Ellesmere. Or Classify Red nutrient zones as 'at risk' as the default position, until further technical work has been done
	F576.1031	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0 1	198.18	Irricon Resource Solutions Limited (Geraldine)	ECAN to provide justification to the public as to how the nutrient allocation zones were decided upon to ensure they are scientifically robust.
	F576.1466	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Oppose</i>
	F615.320	Fish & Game New Zealand (Nelson/Marlborough, North Canterbury & Central South Island)	<i>Support</i>
17-0-0 1	221.72	Meridian Energy Limited	Retain the following as shown on the Planning Maps unchanged: a) The “over allocated” nutrient allocation status of the Upper Waitaki - Ahuriri Arm; b) The “at risk” nutrient allocation status for the remainder of the Upper Waitaki Catchment; c) The extent of the sensitive lake catchments (lake zones) for Lakes Middleton, the Wairepo Arm, and Kellands Pond;
	F576.1498	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0 1	221.104	Meridian Energy Limited	Amend the planning maps to address the following issues: a) The water quality management units for lakes are not shown and are indistinguishable from the nutrient allocation zones shown on the A maps; b) The notation used on the planning map index to refer to Septic Tank Suitability does not correspond with the notation used on the A map key, and conflicts with the notation used for HH soil erosion areas; c) The notation used on the map index to refer to aquifer systems does not correspond with the notation used on the B maps; d) The notation used on the map index to indicate where the “damming fill flow is prohibited” does not relate to any policy or rule in the Proposed Plan;
	F576.2151	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0 1	256.51	Hunter Downs Irrigation	Amend the planning maps to address the following issues: a) The water quality management units for lakes are not shown and are indistinguishable from the nutrient allocation zones shown on the A maps; b) The notation used on the map index to refer to aquifer systems does not correspond with the notation used on the B maps; c) The notation used on the map index to indicate where the “damming fill flow is prohibited” does not relate to any policy or rule in the Proposed Plan; Any additional or alternative relief that achieves the same or similar outcomes, and any consequential changes.
17-0-0 1	273.11	Rayonier New Zealand, Bay of Plenty	Remove map volume Soil Erosion Risk and amend mapping. Change boundary threshold for LH1 and LH2 to 20 degrees
	F604.49	Rayonier New Zealand, Bay of Plenty	<i>Support</i>
17-0-0 1	297.12	Blakely Pacific Limited, Christchurch	Delete Soil Erosion Risk and amend mapping Amend the boundary threshold for LH1 and LH2 to 20 degrees.
	F604.50	Rayonier New Zealand, Bay of Plenty	<i>Support</i>

17-0-0 1	297.13	Blakely Pacific Limited, Christchurch	Delete Soil Erosion Risk and amend mapping Amend the boundary threshold for LH1 and LH2 to 20 degrees.
	F510.31	Kaikoura District Council	<i>Support</i>
17-0-0 1	309.1	Federated Farmers Of New Zealand Inc, Banks Peninsula Branch	Remove all LH2 Areas from the planning maps - see submission for further details
17-0-0 1	309.2	Federated Farmers Of New Zealand Inc, Banks Peninsula Branch	Remove all LH2 Areas from the planning maps - see submission for further details
	F543.519	Irricon Resource Solutions Limited (Geraldine)	<i>Support</i>
17-0-0 1	311.161	Simons Pass Station Limited	Remove Area LH2 from Planning maps, see submission
	F543.520	Irricon Resource Solutions Limited (Geraldine)	<i>Support</i>
17-0-0 1	311.162	Simons Pass Station Limited	Remove Area LH2 from the Planning maps, see submission

	F613.17	The Fertiliser Association of New Zealand Incorporated	<i>Support</i>
	F616.17	Ravensdown Fertiliser Co-Operative Limited	<i>Support</i>
17-0-0 1	315.35	DairyNZ Incorporated	For maps relief sought not specified Amend activity status if maps are changed
17-0-0 1	316.5	Tinline Downs Trustees Limited	We seek the map to be revised based on a ruling which used to exist prior to the 11 August 2012 that large farm areas over a certain size be exempt from these ridiculous rules. Please revert back to the original rules and remove the map which doesn't correctly identify the area for septic tank suitability at all.
	F515.85	ANZCO Foods Limited, CMP Canterbury Limited, & Five Star Beef Limited	<i>Support</i>
	F528.220	Mr Ross Little	<i>Support</i>
17-0-0 1	344.15	Mr Philip Smith	Area LH2 is removed from the planning maps
17-0-0 98	39.1	Blue Gum Trading Ltd	Spring fed plains classification of gully (purple) shown in red. Not spring fed, identify as hill fed - lower (green) (see submission for further detail)
17-0-0 98	44.1	Maungatahi Farm Limited	Reclassify gully from Bain Road to Waipara River on map A-037 - Hill Fed - lower (green) (see submission for further detail)
17-0-0 140	366.1	Mr David Barlass	Property located at 713 Mt Hutt Station Road be classified green and not red on Map A-056
17-0-0 163	114.11	Ms Debra Hasson	Amend Map1 B-66 and insert pink lines representing the spring-fed plains flows for Silverstream, McGraths and Snake creeks flowing to Coes Ford, Selwyn River.
	F501.3	Ellesmere Irrigation Society Incorporated	<i>Support</i>
	F580.1	Ellesmere Golf Course	<i>Support</i>
17-0-0 184	19.120	Ellesmere Irrigation Society Incorporated	Delete map and produce new maps with correct information
	F501.4	Ellesmere Irrigation Society Incorporated	<i>Support</i>
	F580.2	Ellesmere Golf Course	<i>Support</i>
17-0-0 185	19.121	Ellesmere Irrigation Society Incorporated	Delete map and produce new maps with correct information
	F576.2391	Combined Canterbury Provinces, Federated Farmers of New Zealand	<i>Support</i>
17-0-0 198	267.6	Opuha Water Limited	Include Lake Opuha on planning map A-082
17-0-0 226	17.14	Mr Peter Farrant	Oppose map A-095. Reject existing and incorrect "small to medium sized high country Lake" classification and reclassify correctly as "Artificial lakes on Other"
