Support Oppose

Supports in Part or Opposes in Part

State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.

My submission is that: . Oppose

Please state your reasons for supporting/opposing/amendments sought

My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

Amend to remove the potential for rural/ residential anomilies.....

Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.

I seek the following decisions from Environment Canterbury:

We live on a one Ha block and therefore have to use a log fire which will not burn all night, and are surrounded by large farms with at least ten all night log fires...where is the sense here....please change the plan tp acknowledge rural SC does not have an air quality problem, and given the unreliability of

electricity in adverse events and the fact that firewood is a good cheap renewable energy resource
it's time for a more pragmatic approach....
