Hi

My Submission is attached

Robin Cullen

Submission as a Rural Property owner Inner Plains Broadfield Lincoln

1 May 2015
Robin Cullen
1221 Shands Road
R.D.6
Christchurch
Legal Description LOT2 DP 435361

I wasn't able to clearly identify the proposed restrictions within the regional plan that relate to my area from the maps supplied.

My submission relates to the 2 sections on the plan below.

1. Crop and tree trimming Residue Burning

I object to any change that would prevent me from burning Tree Trimmings and crop residue. I believe these options are essential for landowners particularly where the size of the property is 4ha or greater in my area.

2. Space Heating Appliance Log Burner

I object to any change that would stop me from continuing to use the log burner I installed in my home 4 Years ago. This cost a lot to purchase, and install. As my property is a large size I don't believe there is any impact from particle discharge, on my neighbours or neighbouring towns. I rely on my log burner for essential heating and have a renewable source of fuel (wood) available on my property. We often have power cuts in this rural area in winter. Due to my location I reject any proposal or change that would require me to upgrade my Log Burner.

I do not wish to be heard at the hearing

Robin Cullen
