**Subject:** Submission on proposed Canterbury Air Regional Plan-- re logburners  
**Date:** Wednesday, 29 April 2015 10:24:42 a.m.

---

(1) That only dry wood be burned on log burners (defined by a maximum moisture content) to be established by those with knowledge of such matters.

(2) That it be illegal to burn treated timber.

That if such regulation already exist that they be rigidly enforced.

Your sincerely

Colin Mackie.
