Afternoon,

Shame the online system didn't work - I'm all for technology, when it works.

As advised, please find attached the Trusts submission and I look forward to your acknowledgement in due course. Let me know if you would still like me to submit online.

Regards,

Jon

State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.

My submission is that: . Support

Please state your reasons for supporting/opposing/amendments sought

My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

As a Trust, we fully support the provision detailed in 7.81 and sub sections 1 and 2

Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.

I seek the following decisions from Environment Canterbury:

No change to proposed Air Plan wording

Please state your reasons for supporting/opposing/amendments sought

My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

Schedule 9: Heritage Buildings

(table 8.9.1 Heritage Buildings - Christchurch Clean Air Zone, page 8-35. Kahu Road, Riccarton House, Lot DP10263)

Open fires = 1, #coal burners = 1

The number of working fireplaces listed for Riccarton House is **incorrect**. There has always been three open fires and one coal burner. It would appear that when writing the Air Plan the figures may have been entered incorrectly. The fires are not used as a primary source of heating, but are used for ambiance and effect only. They will be lit very infrequently during summer and occasionally through winter when the occasion merits. As part of our \$2.7m recent comprehensive restoration/upgrade programme, the Trust has gone to considerable expense to strengthen and restore the "working chimneys"

Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.

I seek the following decisions from Environment Canterbury:

Amend table to read:

#open fires = 3 and,

coal burners = 1
