## Air Plan Changes

Dear Sir,

This is a submission on the changes to the Air Plan.

I think it is fear to say that "Christchurch Air is challenging".

But this is no reason to do nothing

Ladies and Gentlemen put your mind and shoulder to Christchurch Air Problems, and achieve the standards set by the Government and more.

There will be sacrifice for all to bare ~~be~~ bare we must.

By Industry and Household alike

I wish to speak at the hearing

In Peace and Love
