Supports in Part or Opposes in Part	

*State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.*

**My submission is that:**  Support  Oppose

*Please state your reasons for supporting/opposing/amendments sought*

**My reason(s) for supporting, opposing or requesting amendments to this specific provision are:**

There is scope for contradiction between rules 7.10.2 and 7.10.5 Where burning includes waste from an adjoining property, for convenience sake this could be deposited close to one property's boundary. In turn this could be closer than 50 metres from the neighbour's dwelling (a "sensitive activity"). It is anomolous that if neighbour #1 offers to do another neighbour #2 a favour by burning waste for neighbour #2 on the property of neighbour #1, this favour is then stymied by a rigid rule in the regional plan.

There will also be other instances where a neighbour does not object to smoke crossing the boundary. It is the prerogative of the neighbour to decide whether this is objectionable or not - not the Regional Council.

*Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.*

**I seek the following decisions from Environment Canterbury:**

That the following words (or similar) be inserted at the end of rule 7.10.2 "unless the owner/occupier of that sensitive activity has given approval to the burning".

**Air Shed**

**Which Air Shed does this submission relate to or none**
