Support Oppose

Supports in Part or Opposes in Part

State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.

My submission is that: . Support Oppose

Please state your reasons for supporting/opposing/amendments sought

My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

There should be no restrictions on burning crop residues or combustible waste on any property over 2 ha outside town boundaries, provided the smoke is not blowing over the town, and complies with any fire season requirements.

Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.

I seek the following decisions from Environment Canterbury:

Any restrictions would place excessive costs on farming practices and would inflict greater costs on councils providing waste processing.

At this stage this type of occasional burning is not causing noticeable pollution.

Air Shed

Which Air Shed does this submission relate to or none
