*State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.*

**My submission is that:**  Support  Oppose

*Please state your reasons for supporting/opposing/amendments sought*

**My reason(s) for supporting, opposing or requesting amendments to this specific provision are:**

The submission relates to the burning of vegetation and animal carcasses.

I own an 8ha rural property which has measurements of 100m at either end and 800m internal boundaries. It is because of the 100m width at any point that I cannot comply with Rule 7.11, the burning of animal carcasses.

I burn all my carcasses, sheep, cats, ferrets , and only have about 20 sheep on the property at any time. There are only 2-3 sheep carcasses burnt per year.

I consider the burning of one sheep size carcass in vegetation would have little effect on any sensitive activity and my proposal below would assist small farmlet operators -

*Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.*

**I seek the following decisions from Environment Canterbury:**

Either - Rule 7.10

Include the burning of vegetation alone or with one sheep sized carcass

OR Rule 7.11(2)

Change 'property boundary' to 'sensitive area' .

I cannot physically have a fire 100m from the other boundary but can be 100m away from a house

**Air Shed**

**Which Air Shed does this submission relate to or none**

**Choose one of the following three**
