Support Oppose	
Supports in Part or Opposes in Part	

State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.

My submission is that: Support Oppose

Please state your reasons for supporting/opposing/amendments sought

My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

If ecan takes away the right to use fire it will affect the bottom line of many rural operations.By restricting the use of fire at my home you are reducing my quality of life.

Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.

I seek the following decisions from Environment Canterbury:

What ever big words and long winded legal speak you use , rural landowners must retain the right to burn, be it crop stubble,tree trimmings,stumps and what is left after logging operations.Also I wish to retain the right to have ,an open fire,a brazier or a wood fired pizza oven.The right to have the above is as of right, no mucking around having to get permits and silly inspections by people in hivis jackets, holding a clipboard and think they have unlimited power.
