What do you want Environment Canterbury to do?

I realise this is a very long term vision - but look to the countries in Europe that have made this a reality!

transport development - if they are safe & pleasant people will use them. This has flow-on effects for mental & physical wellbeing as well as reducing emissions

(4) Cleaner air

Fines for diesel burnoff. They are risky, dirty & ~~un~~ unacceptable.

(5) EXERCISE as a focus in Canterbury

→ work with CDHB to maximise exercise-based initiatives. I can discuss this further if you aren't sure how to approach... (I am a GP)

Keep up all the good work!

Continue your submission on additional pages if necessary.
