What do you want Environment Canterbury to do?

Air Policy - Aerial Spraying - Agriculture  
You do not have policy to address this issue? Yellow  
spray plan works this area on a regular basis. I have  
previously reported to APC an occurrence whereby plane  
flew over with spray pouring out nozzle. Went over  
my shed - has rainwater collection and bee hives.  
Types of sprays used needs to be controlled and  
this should be a notifiable activity.  
Please advise me your current policy ???  
Ashburton District Council does not have policy and  
was told it is your role.

Your submission

What do you want Environment Canterbury to do?

Stubble Burning.

You are very hypocritical and pointing the finger at chimney fires when you still allow this outdated, indiscriminate practice. A deadline needs setting to ban it. I have travelled extensively and never seen air pollution smog like what is experienced here for more than 3 months of the year

Continue your submission on additional pages if necessary.
