Your name Shelley Sweet

Your organisation and role in it (if applicable) _____

Date 8.4.15

Tick the box if you wish to discuss your submission in person

I do not wish my contact details to be made public

All submissions are public documents. Copies will be published on the Environment Canterbury website.

Your submission	What do you want Environment Canterbury to do?
Thank you for the opportunity. <u>Public transport</u> - i.e. buses are one of the most important improvements for our family. That is going to reduce costs, pollution, congestion of traffic which makes our city unattractive and contributes to personal resignation re carbon mile/conservation decisions.	Work a system that enables buses to be on time as much as possible. Continue low emission bus improvements. Continue fast bus lanes. Continue development of safe, extensive cycle lanes in Christchurch area. Continue bus discount systems

Continued from previous page.

Your submission	What do you want Environment Canterbury to do?
The Road Code and Oral+Practical	
Driving Tests need to have more awareness of cyclists built into it. Maybe even riding a bike around a busy block as part of practical test where possible!	
Continue the tighter policing of drink/driving.	
Social Housing needs to be given priority in the rebuild in keeping with Christchurch's comparatively good record in this area related to Community Development compared to other cities. This is especially important as it becomes so difficult for many people to afford their own home; and top as families are more often solo parented or single households.	

Continue your submission on additional pages if necessary.
