Hotline - The access and purpose of the Hot-line should be publicly promulgated.	Respond and immediately be able to ascertain what the complaints are experiencing [Not drift out after the offensive odour has dissipated, eg Phillipstown Odour Complaints Production and discharge schedule not co-ordinated and offending materials].
Consents - Should be made public.	If a Hearing is required the appropriate experienced Commissioner be appointed. eg Not as happened a water Commissioner ruled on an air quality consent discharge.
Local Authorities - In your Consultation Document you state that you are going to consult other National and local Authorities.	Please do it. [Documented and not over a chat at a social event]
Needs - We personally need an authority to take action and protect our health in this environment.	Be responsible if you do make a mistake and assist the public to seek ongoing medical needs for their health in the future.
