What do you want Environment Canterbury to do?

Stopbanks Flood Protection

It is essential we maintain our stopbanks as there is a significant threat from flooding in Canterbury. My neighbour has altered/removed some of the stopbank directly upstream from my property in the Springbrook

ECAN needs to take action on this matter + act when complaints are made. You need to be proactive.

creek. I contacted Ecan, +
it was investigated by a
compliance officer over a
year ago. However, no remedial
work has been carried out.
There remains a very real threat
to our property as our house
+ sheds are situated on a flood
plain. Living on this property
for 56 years + going on
past experiences, I know
it is just a matter
of when, not if, serious
flooding will occur.
