#### Your submission

Selwyn District Council wishes to compliment Environment Canterbury on a well-presented 2015/25 draft Long Term Plan. Within this Plan your Council has clearly stated the work programmes that you are intending to undertake during this period and the benefits that this programme will bring to our ratepayers within Selwyn District.

Of particular note, my Council wishes to endorse your proposal to change the way rates for bus services in the Selwyn District are apportioned. We agree with your comments that this proposal will recognise the benefits that your ratepayers within our District receive from availability of bus services do not necessarily align to the capital value of the property. We support your proposal to incorporate a fixed charge per rating unit of \$84.82 for urban rating units and \$9.42 for rural rating units.

Selwyn District Council acknowledges the positive working relationship that it has with Environment Canterbury's elected representatives and staff. We look forward to this relationship continuing.
