What do you want Environment Canterbury to do?

*I object strongly to any increase in ECAN rates in fact I object to ratepayers paying any rates to ECAN as you are just another government department at the moment.*

*Apply to the government for funding.*

I also object to your proposal to phase out current low emission log burners after 15 years. My permit issued in 2005 states that the intended life is "indefinite, but not less than 50 years."

stop continually shifting the goal posts where log burners are concerned if you are in fact serious about allowing wood burning as a home heating option.
