Tick the box if you wish to discuss your submission in person ☒

I do not wish my contact details to be made public ☐

All submissions are public documents. Copies will be published on the Environment Canterbury website.

Your submission

What do you want Environment Canterbury to do?

That window glass on my  
house and cars are being  
made impossible to keep clean  
because of etching of the  
glass by the by-product of  
Ravensdown scrubber  
chimney due North East  
of my house

Continued from previous page.

Your submission	What do you want Environment Canterbury to do?
That any metal on my property is rusting far in excess of what is normal. Door handles, light fittings, window frames, roofing iron, metal sheds etc.	There is only ONE solution that would work for us at this house and that is for the manufacturing part of Ravensdown is moved away from this district and nearer the end user, i.e. "Farmers."
That the smell of chemicals from the scrubber chimney make it too unpleasant to have windows open during North Easterly wind day and nights.	I have no objection to Ravensdowns Storage Sheds or new office block.
That noise and Alarms sounding at anytime day or night plus heavy trucks banging tailgates are a nuisance	

Continue your submission on additional pages if necessary.
