Your submission	2 Natural habitats, re Canterbury's iconic braided rivers . enhance the area for walkers and hikers, cyclists, horse-riders and boaties. The second biggest users are by your survey are motorcyclists, which are mentioned nowhere ever. The north bank motorcycle area layout is exactly the plan I drew for you 15 plus years ago. Your effort for motorcycles is 6 out of 10, but your execution of what could have been achieved, the money and effort put in is 2 maybe 3 out of 10. There is room enough for everybody, but it has to be managed better
What do you want Environment Canterbury to do?	Have people involved that KNOW what can be achieved and how
