What do you want Environment Canterbury to do?

As a very keen walker I am frequently forced to take a bus and walk out of the area.

We have a large section and garden but the times are limited when we can sit outside due to the stinking air.

I am the only family member who has not suffered with asthma.

Move plant out of area.

Your submission Free window replacement needs publicising what do you want Environment Canterbury to do?

I frequently phone Pollution hot line to report the odour. I doubt totally that any attention is paid to my complaint as no action is taken.

Rust damage to cars, roofs, windows  
All my rose bushes have died except one that is sheltered around the back of the house.

Factory devalues my property.  
I buy my plants, shrubs, out of the area, as if purchased from Mitro 10 Outdoor garden, they always die.

It is impossible to open windows, because of stink.

Move plant out of the area.

Continue your submission on additional pages if necessary.
