I would like Environment Canterbury  
to

stop the use of smoulder fires

In the destruction of forestry,  
vegetation, dead animals etc

Smoulder fires are of no real flame

They last up to a month unattended

This is suffered by me and all in the  
area, which is generally a large area

The smoulder fires are

Effluent dumping into the sky  
Visual pollution marking the sky  
Smell putrid  
Not healthy for me or the  
environment.

lazy use of fire
