What do you want Environment Canterbury to do?

Dairy farming should not even occur in Canterbury, it should be left to the places where conditions are better, its just to dry in Canterbury. Even if our former Mayor gave our water to the farmers.

A Log burner has been invented that doesn't give off any pollution. By a Cantab, obviously not kick backs from the council so he can't put it

on the market. (refer Campbell live)
Trees grown for firewood produce oxygen and provide employment.
Why encourage the use of power when its so expensive and we don't have enough of it. Every year you guys turn off my hot water and with electric cars being the way of the future this will only increase.
Dredge the Avon and make it flow faster and cleaner and reduce the risk of flooding. The lower reaches are now just smelly dirty mud flats full of cans, bottles and supermarket trolleys.

Continue your submission on additional pages if necessary.
