## Please fill in your contact details below

Your name Helma Tima Tane

Your organisation and role in it (if applicable) N/A

Date

24/3/2015

Tick the box if you wish to discuss your submission in person ☐

I do not wish my contact details to be made public ☐

All submissions are public documents. Copies will be published on the Environment Canterbury website.

Your submission

What do you want Environment Canterbury to do?

① Improving town water quality in Waimate - South Canterbury. Water for drinking has contaminants, due to old pipes within the councils reach and boundaries

What are Environment Canterbury's short term goals for improving the Waimate town and rural, drinking water?

② Clean air over Waimate: The air here in Waimate has greatly improved within the last 10 years. In the event of a major earthquake people can be forced (due to circumstances)

In the event of a major earthquake, what contingency plans, has the Waimate District Council have, when the public and house owner may have to use, their wood

Your submission

What do you want Environment Canterbury to do?

- use their wood burners for cooking
- burners. (Gas does run out)
- 3 Utilities and other essentials during an emergency.
- In Nelson the main shopping area has not just toilets, but clothes washing facilities and showers, that the general public and tourist use. Is something similar possible for Timaru?
- 4 Christchurch needs to improve on where placing the bus stops, and charging less for bus fare - put in place what Timaru does.
- 5 In regard to the new stadium being built - Within <sup>the last</sup> 10 years, people very rarely used the fitness centre when they had one. The public library and swimming pools are the main areas of use by the general public. The baby boomers of the 50s, of the larger population (future, retirees) may not see any point of having one. The flow of people within Waimate can range from 12-15% wklly within the town itself in regard to traffic
- 4/1 Money spent or possibly saved, could be put to adding onto the library, and adding more computers for the after schoolers and general public (like ChCh)
- 4/2 The swimming pools could be covered and updated accordingly to ages, from birth/toddlers to the elderly. Covered pools of course for comfort. It's within the town and near to schools and traffic - (the present day library and pool)

Continue your submission on additional pages if necessary.
