What do you want Environment Canterbury to do?

I think the plan to get more people to use buses is as misguided as the council's plan to increase cycling by replacing all of the parking spaces with yellow lines and cycle lanes. As a superannuitant I can use the buses ^{for} free, but have only done it once as what should have been

I want Environment Canterbury to stop wasting ratepayers money trying to get people to do things they don't want to do.

a 30-minute trip to town and back took all morning, much of which was spent waiting at bus stops.	
2 Christchurch ratepayers have funded the improvement of the air here, and shouldn't have to pay for the efforts to do the same elsewhere.	Add the cost to the rates in the areas concerned.
3 I object to having a portion of my rates paid to Environment Canterbury when they are trying to deprive me of the means of paying them: I deliver junk mail for a living, and am incensed by the number of Ecan "No circulars" stickers, which are presumably given out free, that I frequently encounter.	Stop issuing free "No circulars" stickers.
