Dear Environment Centy. Regional Council.

Thankyou for your "Tell us what you think".
so, here is what I think re. this

1. Your booklet is too long for the average household to wade through. So make your next one briefer.

2. Please tell us what Environment Centy. has accomplished and done since the appointment of the Commissioners, to run it, not what you hope to accomplish.

3. There are a number of vociferous anti-appointed Environment Centy. Regional Council in the community. Report your strong agreements as to why the Government appointed the present committee and what it has accomplished and what was not done under the old system. From what I have learnt, plenty was not done. Often democracy is rather tardy.

4. Send your enquiries & reports, to groups rather than individual householders. eg. Farmers groups, University Depts, both Lincoln and Centy, Church groups, Political groups, Sports Bodies & others involved in our community.

5. Tell in your next folder who is responsible for what in our environment. You or the City Council or the Govt. or whomever. Tell what your limitations & frustrations are and why.

This is not a submission, just some comments - hopefully you do all I have suggested.

Best of luck as I know you are all doing a good job & much better than a democratically elected body.

Ken Gillespie

P.S. I love the cover of your "Tell us what you think".
