This process is a joke,  
you are a non elected body created by a corrupt government who has  
sold out on numerous occasions to overseas interest.  
The only people I have heard speak positively about ecan in its current form  
are Nick Smith and dame Magarat Beazley(?) both of whom have a vested interest.  
I am just your normal rate payer who has been shafted.  
No one in my circle of friends has anything positive to say about ecan. gee its obvious  
when Christchurch residents Hate you over air quality(Targets that are not  
achievable and do not measure one of the obvious causes..Diesel..check out  
what Paris is doing) , water quality(we face having our pure water tainted by  
chemical treatment with in 20 years) and democracy..none here just a useless body  
created and supported by a government with a record of selling its soul to big business  
and multi nationals. To have any relevance to a Christchurch rate payer the current  
ecan body needs to do one of 3 things.  
1 resign on mass to have a true DEMOCRATIC election  
2 Fall on your swords  
3 Publicly acknowledge you are a corrupt and anti democratic body  
with no thought of public good just driven by business greed.

What do you want Environment  
Canterbury to do?

1 resign on mass to have a true DEMOCRATIC elect body.  
2 Fall on your swords  
3 Publicly acknowledge you are a corrupt and anti  
democratic body  
with no concept of public good, just driven by corporate  
greed  
4 stop collecting money without public representation.  
5..awww just fuck off and die
