Support Oppose	
Supports in Part or Opposes in Part	

State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.

My submission is that: . Support Oppose

Please state your reasons for supporting/opposing/amendments sought

My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

This clause can stifle industry and adversely skew enviromental concerns to deny innovation.

Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.

I seek the following decisions from Environment Canterbury:

provide genuine support for industry

support a managed solution to ensure a balanced response across all emmressive facets - not just the hobbie horse approach. Take into account vehicle emissions as well as all other sources.

Support Oppose

Supports in Part or Opposes in Part

State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.

My submission is that: . Support Oppose

Please state your reasons for supporting/opposing/amendments sought

My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

this impacts quality of life for those who cannot afford the fanciful technology that MIGHT be better.

This clause attempts to use partial collection technology for a particular outcome.

Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.

I seek the following decisions from Environment Canterbury:

abandon all forms of air quality monitoring unless it is accepted that motor transportation must form part of the assumptions for air quality - not just blind targetting of a minority of smoky domestic fires.

Each and every high particulate day(s) should also take into account data regarding the inversion layer and the impact this has on atmospheric mixing of pollutants.
