### Support Oppose

Supports in Part or Opposes in Part

*State concisely whether you support or oppose the provision being submitted on, or wish to have amendments made.*

**My submission is that:** .       Oppose

*Please state your reasons for supporting/opposing/amendments sought*

### My reason(s) for supporting, opposing or requesting amendments to this specific provision are:

I oppose that small businesses and individuals ( such as butchers , hunters and fishermen ) could be prosecuted for or prevented from occasionally using a small smokehouse because it puts a small amount of smoke into the air .

Burning a small quantity of wood to flavour meat or fish ( on a small scale ) is not going to affect the clean air quality to a large extent , and makes a better job than liquid flavourings .

*Please give precise details for each provision. The more specific you can be the easier it will be for the Council to understand the outcome you are seeking.*

**I seek the following decisions from Environment Canterbury:**

There should be provisions put into the regulations which allows recreational fishermen, small businesses and recreational hunters the option of using a smoke house (which burns untreated wood and sawdust in a cabinet ) even though it might put a small amount of smoke into the air .

If small businesses need to be regulated , the cost of registering to use a small individual smoke house should be kept as low as possible , and should not be as expensive as a large commercial enterprise .

The continued ability to use outdoor barbecues should also be ensured in the regulations .
