Contact name and postal address for service of person making further submission (if different from above):  
\_\_\_\_\_  
\_\_\_\_\_

**Only certain people can make further submissions. Please tick the option that applies to you:**

- I am a person representing a relevant aspect of the public interest; or  
 I am a person who has an interest in the proposal that is greater than the interest the general public has (for example, I am affected by the content of a submission); or  
 I am the local authority for the relevant area.

- I do not wish to be heard in support of my further submission; or  
 I do wish to be heard in support of my further submission; and if so,  
 I would be prepared to consider presenting your further submission in a joint case with others making a similar submission at any hearing

**Service of your further submission:**

Please note: any person making a further submission must serve a copy of that submission on the original submitter no later than five working days after the submission has been provided to Environment Canterbury. If you have made a further submission on a number of original submissions, then copies of your further submission will need to be served with each original submitter.

Signature:  Date: 10/7/15

(Signature of person making submission or person authorised to sign on behalf of person making the submission)

Please note:

(1) all information contained in a submission under the Resource Management Act 1991, including names and addresses for service, becomes public information.

I support / oppose the submission of:	The parts of the submission I support / oppose are:	The reasons for my support / opposition are:	Support or Oppose
Bledisloe New Zealand Limited	pCARP 997 Rule 7.14	Agree that this rule should be no more stringent than Regulation 17 of the NESAQ. The rule should include the wording (or the intent) of Regulation 17.	Support
Christchurch City Council	pCARP 2548 - Definition of Large scale fuel burning device	Agree that Emergency generators be listed in the exclusions under this definition. Emergency generators are an important facility during emergency events, and should be provided for.	Support
	pCARP 2565 Policy 6.7	Agree that existing activities should not be affected by new activities locating in the vicinity. NZDF considers that Policy 6.7 should be replaced with wording that is consistent with Canterbury Regional Policy Statement 14.3.5 (1).	Support
Horticulture NZ	pCARP 1054 Outdoor burning	The use of the word 'nuisance' is inconsistent with RMA terminology and is not defined in the RMA. This may cause confusion and is better replaced with 'adverse effects'.	Support
	pCARP 1065 Reverse sensitivity	It is appropriate that reverse sensitivity is defined in the Plan, as this term is relevant to managing discharges to air. NZDF supports the definition proposed by Horticulture NZ or words to similar effect.	Support
	pCARP 1091 Rule 7.17	Amend Rule 7.17 to discretionary activity, to appropriately provide for and assess the activity.	Support
NZ Fire Service	pCARP 1167 Rule 7.6 Outdoor burning	It is appropriate that live fire training is provided for in the plan.	Support
Orion New Zealand Limited	pCARP 2147 Rule 7.14	Agrees that this rule should be no more stringent than Regulation 17 of the NESAQ. The rule should include the wording (or the intent) of Regulation 17.	Support
St Georges Hospital Limited	pCARP 766 Objective 5.7	Supports the amendment of the policy, particularly the inclusion of 'critical infrastructure'.	Support
	pCARP 783 Policy 6.8	Supports the proposed amendments to this policy with the following correction:  Where activities that discharge to air locate appropriately and where the effects of the discharge are avoided, remedied or mitigated, then a longer consent duration may be available <u>if</u> is appropriate to provide for ongoing operational certainty.	Support
