Subject: RE: Letter to Commissioners V3.doc

Dear Roger,

Your letter has been referred to the Hearing Panel. The Panel will consider your letter as part of the responses to the Caucusing Report as set out in the time table set by the Panel in its Minute 7. To do otherwise would require putting the time table on hold and to seek responses to your request to be considered as a separate issue. That would not be an efficient way forward. If a decision has to be made about further caucusing it needs to be made in an holistic context including any other memoranda lodged and the Caucusing Report itself.

Regards,
Nancy
