North Canterbury Fish and Game, PO Box 50, Woodend 7641 And Central South Island Fish and Game, PO Box 150, Temuka 7948	Rule 5.44A and Rule 5.54A	The changes sought to these rules restrict increases to areas to that being winter grazed or irrigated as at 13 February 2016. This does not allow unimplemented irrigation	Oppose

		consents for example to be given effect to, nor does it allow for small changes to farming practices.	
Morven Glenavy Ikawai Irrigation Company Limited, 26 Glenavy-Tawai Road, Glenavy, Waimate 7980	Section 3 of the submission in relation to the adequacy of the S32 assessment.	We agree entirely with this part of MGI's submission.	Support
Central South Island Fish and Game, PO Box 150, Temuka 7948	Table 15(b)	We oppose any changes to the limits in Table 15(b) without any evidence to support those changes.	Oppose – it is noted that we received notification from this submitter that they were withdrawing this part of their submission. In this case, our opposition is also withdrawn.
Nga Runanga and Te Runanga O Ngai Tahu, PO Box 13-046, Christchurch	Definition of Accredited Farm Consultant and Certified Farm Environment Plan Auditor	The concept of having these persons understand Ngai Tahu values is not opposed, however, we consider that making training of this nature under these definitions is not the appropriate place to address this. We consider that any certification or accreditation processes for these persons is the better place to address this.	Oppose
Waitaki Irrigators Collective, PO Box 159, Oamaru 9444	Entire submission	We agree entirely with this submission.	Support.
DairyNZ, PO Box 85066, Lincoln University 7647	Winter Grazing definition	We support the changes to the definition being: where the cattle are contained for breakfeeding of in-situ forage brassica and root vegetable crops or supplementary feed that has been brought onto the property.	Support in part.

		<p>However, the definition still uses an end date of 31 September and this is not supported. The rules (5.44A for example), use 1 September as the end date. For consistency, 1 September must also be used in the definition. Our submission sought 31 August, but 1 September is more consistent with other plan provisions.</p>
