Meridian Energy Limited (Meridian) makes the specific further submissions on the Plan Change 5 to the Canterbury Land and Water Regional Plan (PC5) set out in the **attached** document.

Meridian would like to be heard in support of its submission.

In accordance with Clause 8(1)(b) of the First Schedule of the RMA Meridian has an interest in the Proposed Regional Plan greater than the interest of the general public.

Meridian could not gain an advantage in trade competition through this submission.

If other persons make a similar submission then Meridian would consider presenting joint evidence at the time of the hearing.
