Attention: Ms Alison Cooper

Dear Alison,

Hearing Decision - Marwin Land Limited for Water Permit CRC110603

As you are aware, after the recent release of my decision regarding the above application, Ms MacKenzie noted that the agreed annual volume had not been amended in the determined conditions of consent appended to the decision (Annexure 1).

The appropriate annual volume is correctly stated in the decision and it is appropriate to correct the conditions pursuant to section 133A of the RMA. Accordingly, please delete Condition (2) below:

- 2) (a) The combined volume taken under this consent CRC110603 and consent CRC040185.2, or any variations, shall not exceed 571,200 cubic metres between 1 July and the following 30 June.
- (b) The combined volume taken under this consent CRC110603 and consent CRC000378.2 and consent CRC050289.3 or any variations to these consents, for irrigation shall not exceed 1,171,189 cubic metres between 1 July and the following 30 June.

And replace with Condition (2) below:

- 2) (a) The combined volume taken under this consent CRC110603 and consent CRC040185.2, or any variations, shall not exceed 571,200 cubic metres between 1 July and the following 30 June.
- (b) The combined volume taken under this consent CRC110603 and consent CRC000378.2 and consent CRC050289.3 or any variations to these consents, for irrigation shall not exceed **1,205,550** cubic metres between 1 July and the following 30 June.

I would appreciate if you could confirm these corrections by way of an erratum circulated to the parties.

Yours faithfully
