- 1 On 25 May 2015 Central South Island Fish and Game Council ("**Fish and Game**") lodged a submission on Plan Change 3 (South Coastal Canterbury Area) to the Canterbury Land and Water Regional Plan.
- 2 Fish and Game's submitter ID is 53274.
- 3 Part of Fish and Game's submission opposed Table 15(g) and Table 15(h) and requested that a new allocation framework that protects life supporting capacity and ecosystem health be introduced.
- 4 This memorandum is lodged to notify the hearing commissioners and Environment Canterbury that Fish and Game withdraws that part of its submission that relates to Table 15(h).
- 5 Table 15(h) establishes environmental flow and allocation limits for 'A' Permits in the Otaio River.
- 6 For the avoidance of doubt, Fish and Game maintains its submission in opposition to Table 15(g) 'South Coastal Canterbury Area Partial Restrictions, Environmental Flow and Allocation Limits for 'A' Permits'.
