FILE

Dear Sir

**RESOURCE MANAGEMENT ACT 1991
NOTICE OF DECISION: RESOURCE CONSENT NO. CRC971084**

The decision of the Council is to grant your application on the terms and conditions specified in the attached resource consent document. The reasons for the decision are:

- 1) Any adverse effects on the environment as a result of the proposed activity will be minor.
- 2) The abstraction is an efficient use of the water resource.

The full text of the Council's decision is available for public inspection at the Council's office at 58 Kilmore Street, Christchurch.

If you do not agree with the Council's decision, you may object to the whole or any part of the decision, to the Council's Principal Hearings Committee. Notice of any objection must be in writing and lodged with the Council within 15 working days of receipt of this decision.

Alternatively you may appeal to the Environment Court, P O Box 5027, Lambton Quay, Wellington. The notice of appeal must be lodged with the Court within 15 working days of receipt of this decision, with a copy forwarded to the Canterbury Regional Council within the same period. If you are in any doubt about the correct procedures, you should seek legal advice.

The commencement date for your resource consent is the date of this letter advising you of the Council's decision, unless you lodge an objection or appeal against the decision. The commencement date will then be the date on which the decision on the objection or appeal is determined.

An invoice will be sent to you shortly if there are any additional costs over and above the initial deposit paid with your application.

Monitoring

The Council monitors all consents to ensure the conditions are complied with. The costs incurred in carrying out this monitoring is charged to the consent holder. Enclosed for your information is a booklet setting out some information about compliance monitoring along with a number of questions and answers often-asked about the Council's compliance monitoring activities.

Lapsing of Consent

Resource consents are granted to authorise an activity until the expiry date specified on the consent. However, a consent will lapse two years after the date of commencement (or such other period as expressly provided for in the consent), unless the consent has been given effect to or an application is made to the Council to extend this period.

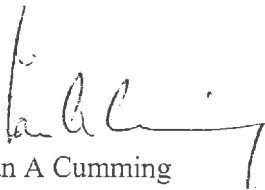

Transfer of Consent

Resource Consents are granted to a person to carry out an activity and, with the exception of certain types of Land Use Consents, are NOT tied to the land to which the activity relates. If the land is sold and the new owners wish to continue to carry out the activity, the consent will need to be transferred. The Council has forms to ensure the correct information is provided to enable the transfer to take place without undue delay.

Surrender of Consent

A consent holder may surrender all or part of a consent by giving written notice to the Council. However, the Council may refuse to accept the surrender in some circumstances, for example, where the conditions of the consent have not been fully complied with. If you have a current resource consent which is replaced by your new consent, then you may surrender it so that you do not incur any duplicate monitoring charges.

Yours faithfully

Ian A Cumming
CHIEF EXECUTIVE
Encl.

RESOURCE CONSENT

Pursuant to Section 105 of the Resource Management Act 1991

The Canterbury Regional Council

GRANTS TO: KAPUTONE WOOLSCOUR (1994) LIMITED

A WATER PERMIT to take groundwater at or about map reference M35:808-510 for industrial use.

DATE GRANTED 30-APR-1997 **EXPIRY DATE** 30-APR-2032

IN CONNECTION WITH THE FOLLOWING PROPERTY:

LOCATION STATION ROAD, BELFAST

LEGAL DESCRIPTION LOT 2 DP 35966 BLK III CHRISTCHURCH SD

SUBJECT TO THE FOLLOWING CONDITIONS:

- 1) The rate at which water is taken from bore M35/1294, 200 millimetres diameter and 33.1 metres deep, shall not exceed 50 litres per second, with a volume not exceeding 4320 cubic metres per day.
- 2) When requested in writing by the Canterbury Regional Council, the hours and rate at which water is taken shall be recorded to within an accuracy of 10 percent. A copy of the records shall be provided to the Canterbury Regional Council when requested.
- 3) The Canterbury Regional Council may annually, on the last working day of June, serve notice of its intention to review the conditions of this consent for the purposes of:
 - (a) dealing with any adverse effect on the environment which may arise from the exercise of the consent and which is appropriate to deal with at a later stage; or
 - (b) complying with the requirements of a relevant rule in an operative regional plan.
- 4) Charges, set in accordance with section 36 of the Resource Management Act 1991, shall be paid to the Regional Council for the carrying out of its functions in relation to the administration, monitoring and supervision of resource consents and for the carrying out of its functions under section 35 of the Act.

ISSUED AT CHRISTCHURCH ON 1 MAY 1997

Ian A Cumming
CHIEF EXECUTIVE
