### Your submission on the Proposal for the Canterbury Regional Pest Management Plan

In general, I support the Regional pest Management Plan being proposed by the Regional Council and in particular the site-led programme for Gorse and Broom, Ohau. However, as a new property owner in the Lake Ohau Alpine Village, the proposal is not particularly clear as to what is expected or required from me as a property owner. For instance, at what stage am I, the owner of a small undeveloped 700 sq metre section, expected to intervene? And more importantly, how often should I intervene. Is there some financial assistance or recommended service providers that the Council can provide, especially to those of us who are absentee?

Thank you for informing me and allowing me to be part of the feedback and submission process.

Tim
