- I do wish to be heard in support of my submission; and if so,
- I would be prepared to consider presenting my submission in a joint case with others making a similar submission at any hearing

Your submission on the Proposal for the Canterbury Regional Pest Management Plan

Tree lucerne, spur valerian and polypodium have become plant pests.
I would like to see tree lucerne treated in a similar manner to broom.
Spur Valerian has become a serious threat to the rocky outcrops and open spaces on the Port Hills and Bank Peninsula and needs to be treated in the same manner as Old Mans Beard.
Poly podium is also taking over the Port Hills and a method of dealing with this invasive plant needs to be found.
