

CANCELLING A MOORING AUTHORISATION

If you have sold your mooring equipment to another person, or your mooring is lost and/or you no longer require your mooring authorisation please complete the application form [HAR003](#).

In completing this form you are relinquishing all rights to the mooring position and the mooring system components (if it has not been removed).

If the mooring is up and buoyed the Harbourmaster will remove the mooring system from the water. To recover any costs attributed to the removal the Harbourmaster may sell components of the mooring system.

If you choose to sell the mooring to another party, they are only purchasing the mooring equipment/system, not the mooring position/authorisation. The mooring position of your mooring may be allocated by the Harbourmaster to the next person on the waiting list.

All outstanding fees owed to the Council need to be paid in full before submitting the form to the Harbourmaster.
