Hello

I note in the Press paper you are considering chopping some Chch bus routes like 107, 108

① Perhaps these routes could be reduced to one bus an hour, not each  $\frac{1}{2}$  hour like now

② You do realise, don't you, that getting rid of No 107 you deny all future visitors to "Willowbank" who don't have a car to travel in, from visiting. They certainly WON'T walk there from the Blue Bus route.

③ Before you changed the 108 route (a number of years ago) that the many school children who caught the 108 bus - sometimes as many as 20, could not catch the 108 because it didn't now go past their Schools.

I look forward to your reply

Mrs Wagstaff
