Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

Please review the options in the Consultation Document and indicate which option you support: Option 4 – none of the above. (Please provide comment/ideas for an alternative solution)

Public Transport Comments

Please provide any comments.

I suggested that current routes should merge into 2 new routes are Routes 7, 08 should merge into one, Routes 145 and 535 should merge into one and Spencerville should integrate into Blueline.

Burwood Hospital should integrate into either 80 or Orange line to expand routes coverage possibly Northshore could include.

Spencerville should raise fare a little bit increase to meet the operating cost.

Current 107 routes should add more bus stop included Groyne's Park and Styx area extended coverage should benefit because too limited stop would mean less profitable but by additional stop should overcome.
